Examiner Ali,

Thank you. I have broken this into 3 parts.

First is the Amendment filed on May 3, 2005.

Second, the Petition for 2 month extension of time filed on May 3, 2005, with a printout of my deposit account showing the fee being removed.

Third, a fax transmission on 6/8/2005, discussing my address change.

Thank you for taking the time to look over these materials concerning my client's application which I mis-identified with the incorrect serial number.

I am hoping that this may be considered a Petition to Withdraw a Holding of Abandonment under MPEP 711.03(c) and 37 CFR1.181(a).

I am very grateful to you for considering this request.

Respectfully,

RECEIVED OIPE/IAP

FIRST PART

Hereafter follows the amendment filed on May 3, 2005. I filed the amendment at the filing window at the USPTO which stamped the date of filing in the upper left hand corner.

I incorrectly wrote the serial number and the docket number when filed. I wrote the correct file number to the right of the incorrect number today. The docket number is incorrect as well.

You will notice your name(Examiner), the inventors last name, the filing date, and the art unit are correctly identified.

On the second page, indicated as page 1 of the office action, the serial number and the docket number are again incorrect.

You will again notice that the Applicant Name, Examiner Name, Filing Date, Title, Date of the mailing of the first office action are correct. The following 10 pages specifically address your rejection of 12/7/04.

I used the template from my previous case to form the first page of the response. The serial number corresponds to US 6347771 which I prosecuted and issued on 2/19/2002.

THE THIRD PART

Here is a Auto reply facsimile transmission and what I faxed. It changes my address and I still am mistakenly using the application serial number and docket. All the other data is correct.
